

# Christmas DOT MARKERS

## **DIRECTIONS:**

Grab a Christmas cut out item, a dot marker, and a blank piece of paper. Place your Christmas cut out onto the paper and place one hand on it to hold it in place. Using your dot marker, dot around the outside edge of the item marking the blank paper as you go. Once you have gone completely around the edge of the item, lift it up from the piece of paper. It will create a fun silhouette of the item you chose!
